Who owes the most debt and leases?

Selected debt and lease carrying amounts · common-FX USD billions

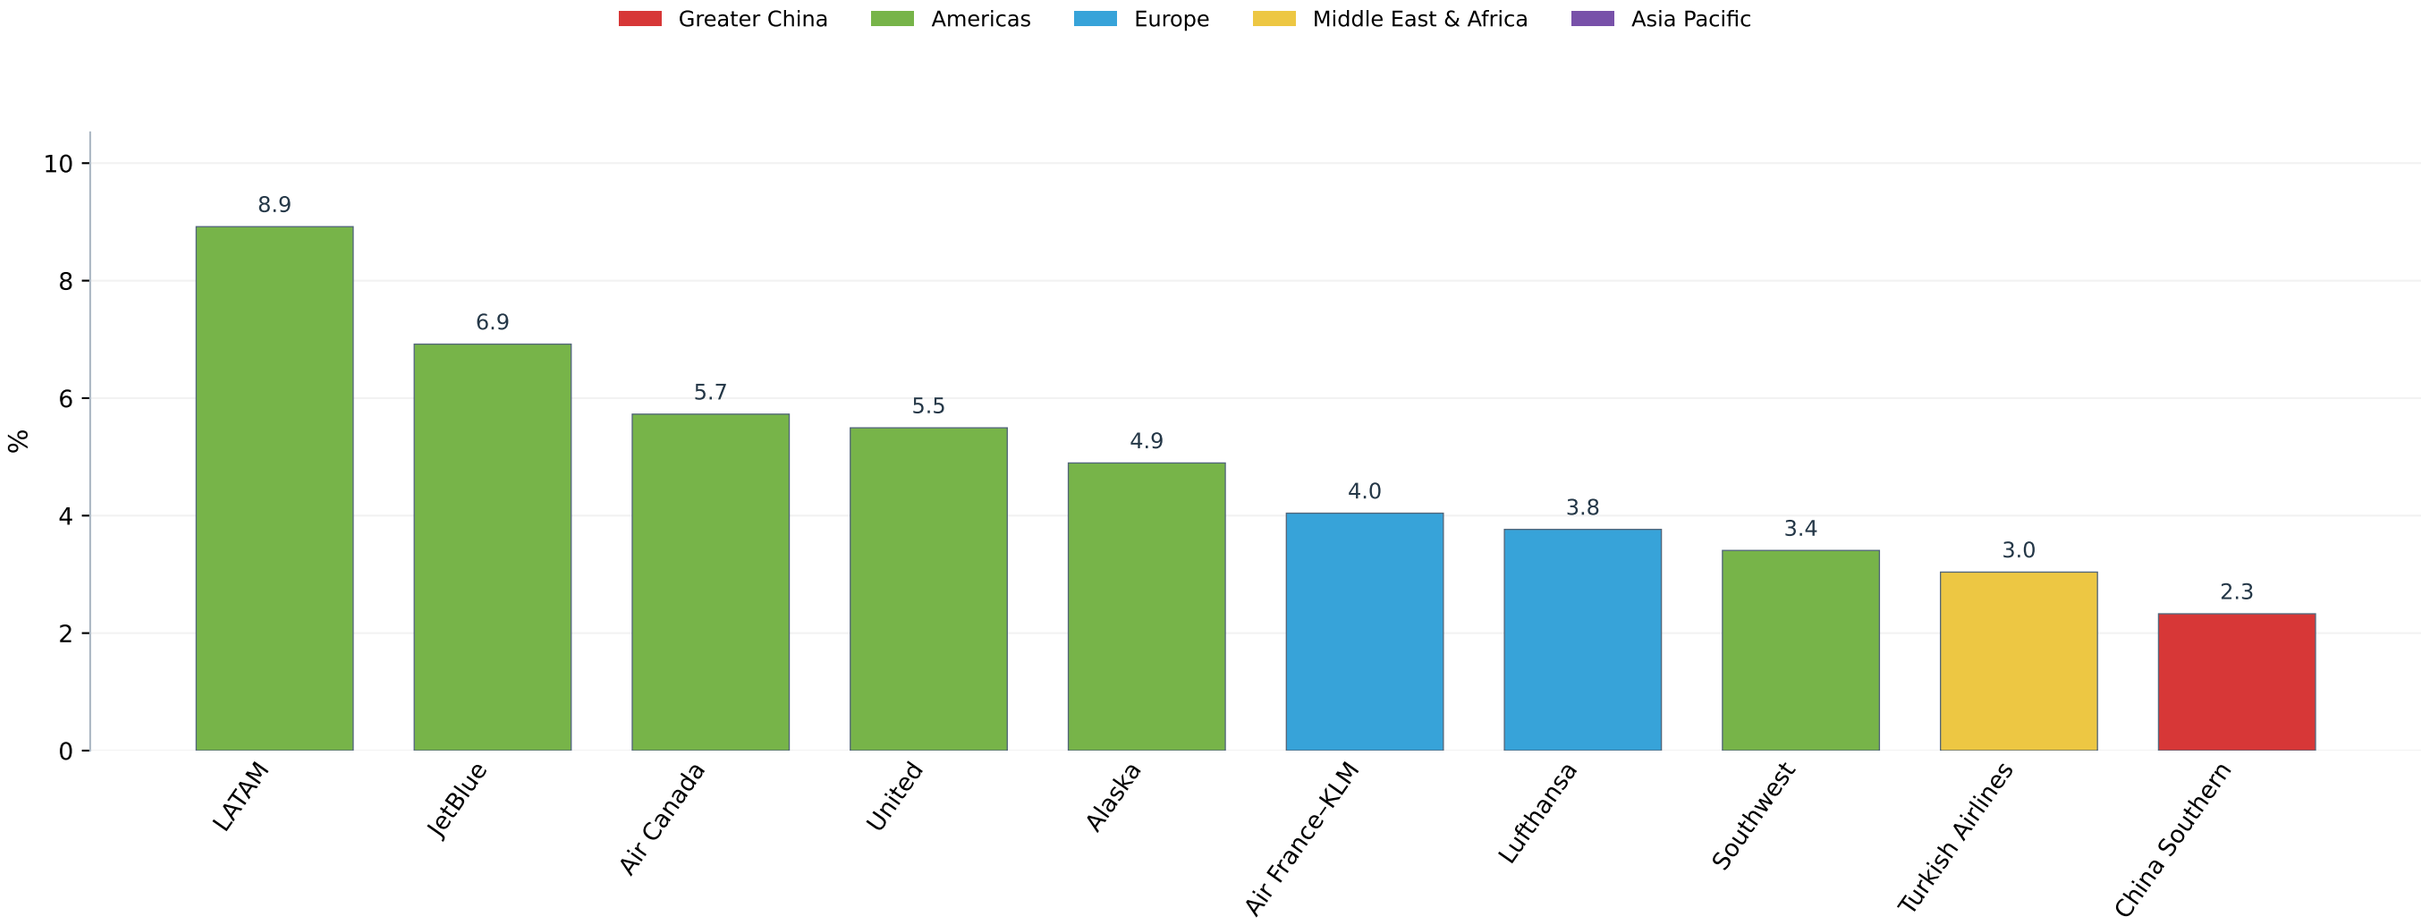

Included 22/24. Omitted: ANA, Emirates Group.

Annual baseline: FY ends June 2025–March 2026 · provisional 24-group sample · prepared 25 October 2026

US Treasury FX at 31 December 2025 for all periods; presentation conversion, not period-average USD results. Original currencies retained.

Who has the highest interest-expense proxy?

Annual gross interest / closing financing debt (%) · not a portfolio borrowing rate

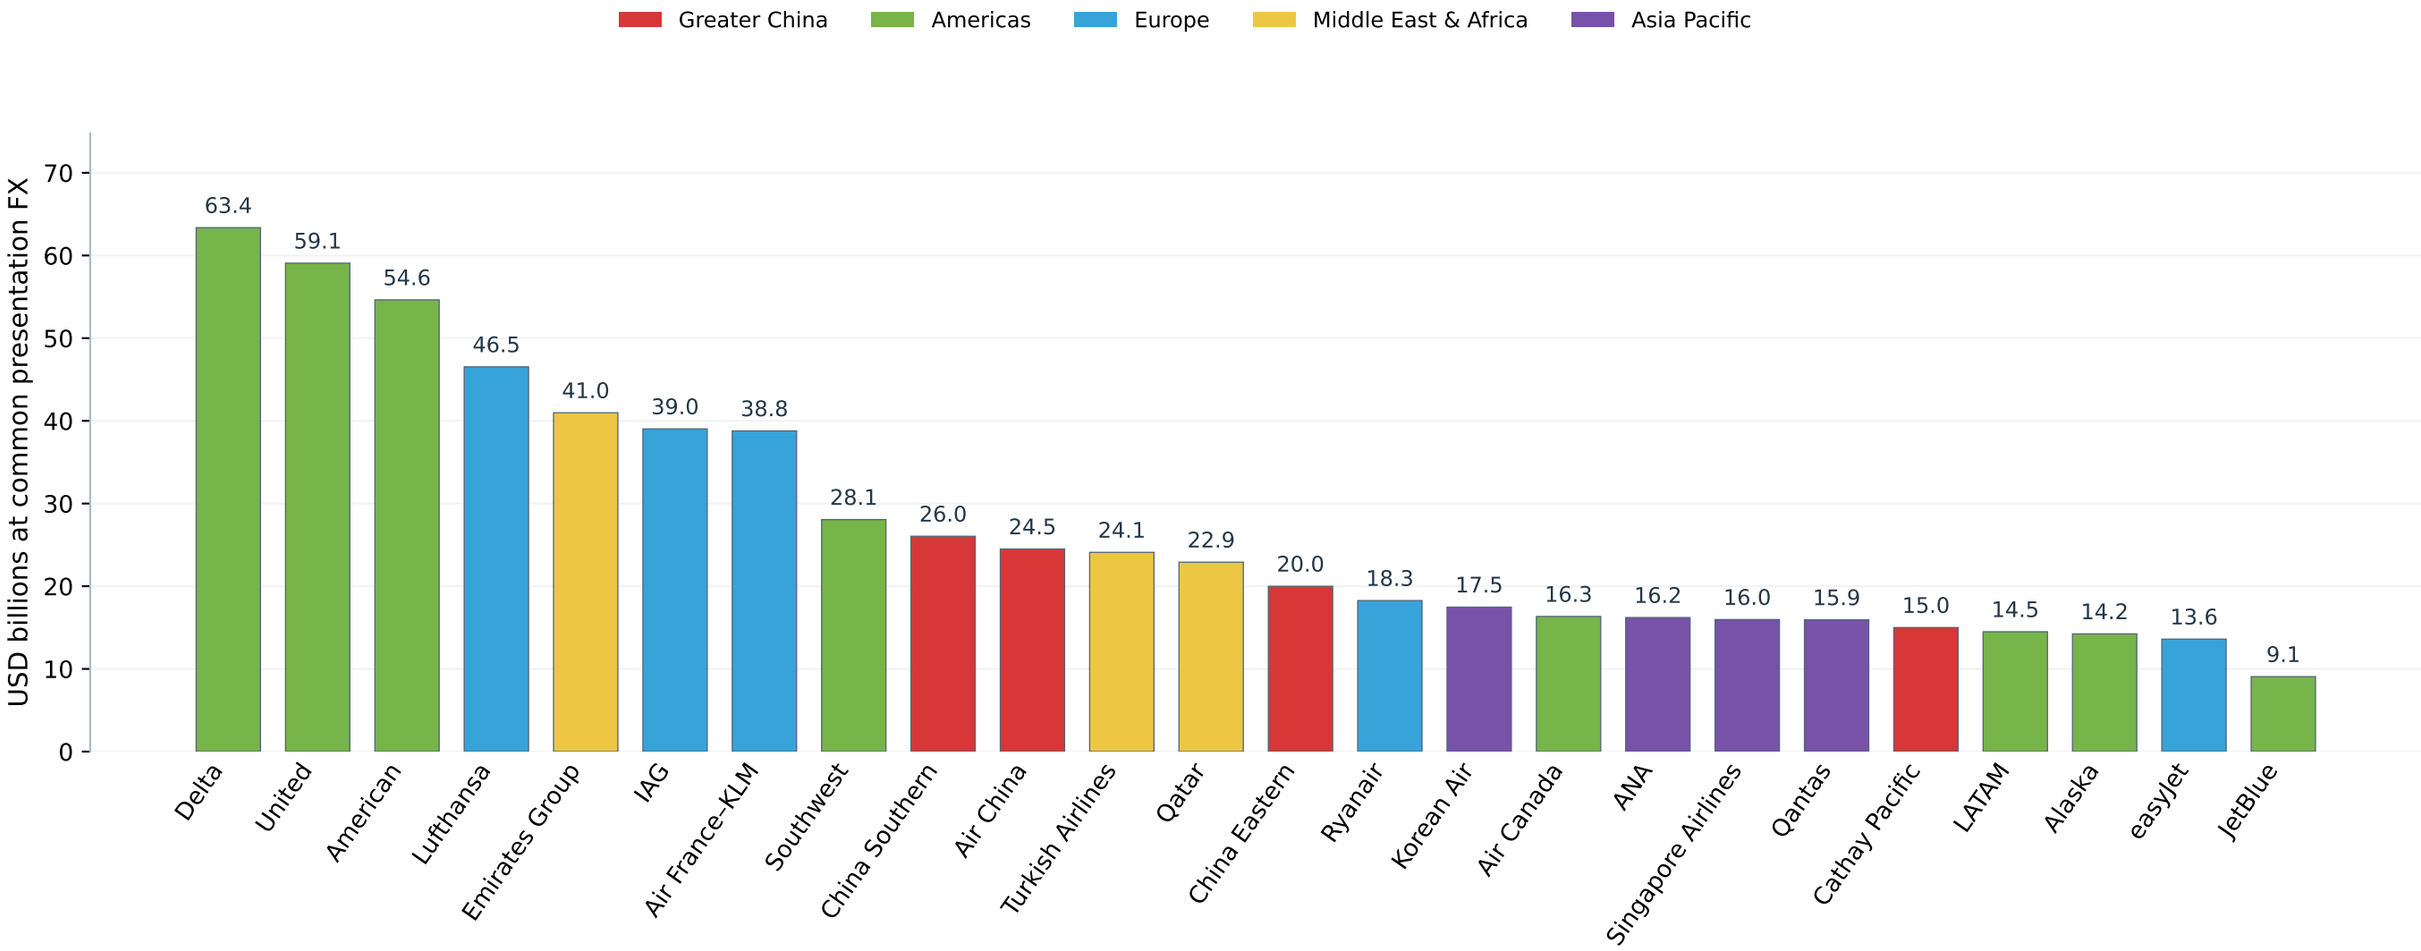

Included 10/24. Omitted: Delta, IAG, Ryanair, Qatar, Korean Air, easyJet, Qantas, Air China, China Eastern, Cathay Pacific, ANA, Singapore Airlines, American, Emirates Group.

Annual baseline: FY ends June 2025–March 2026 · provisional 24-group sample · prepared 25 October 2026

Expense-to-closing-debt proxy; US operating leases excluded from denominator. Average balances and consistent lease interest are unresolved.

Who generates the most revenue?

Reported consolidated revenue · common-FX USD billions

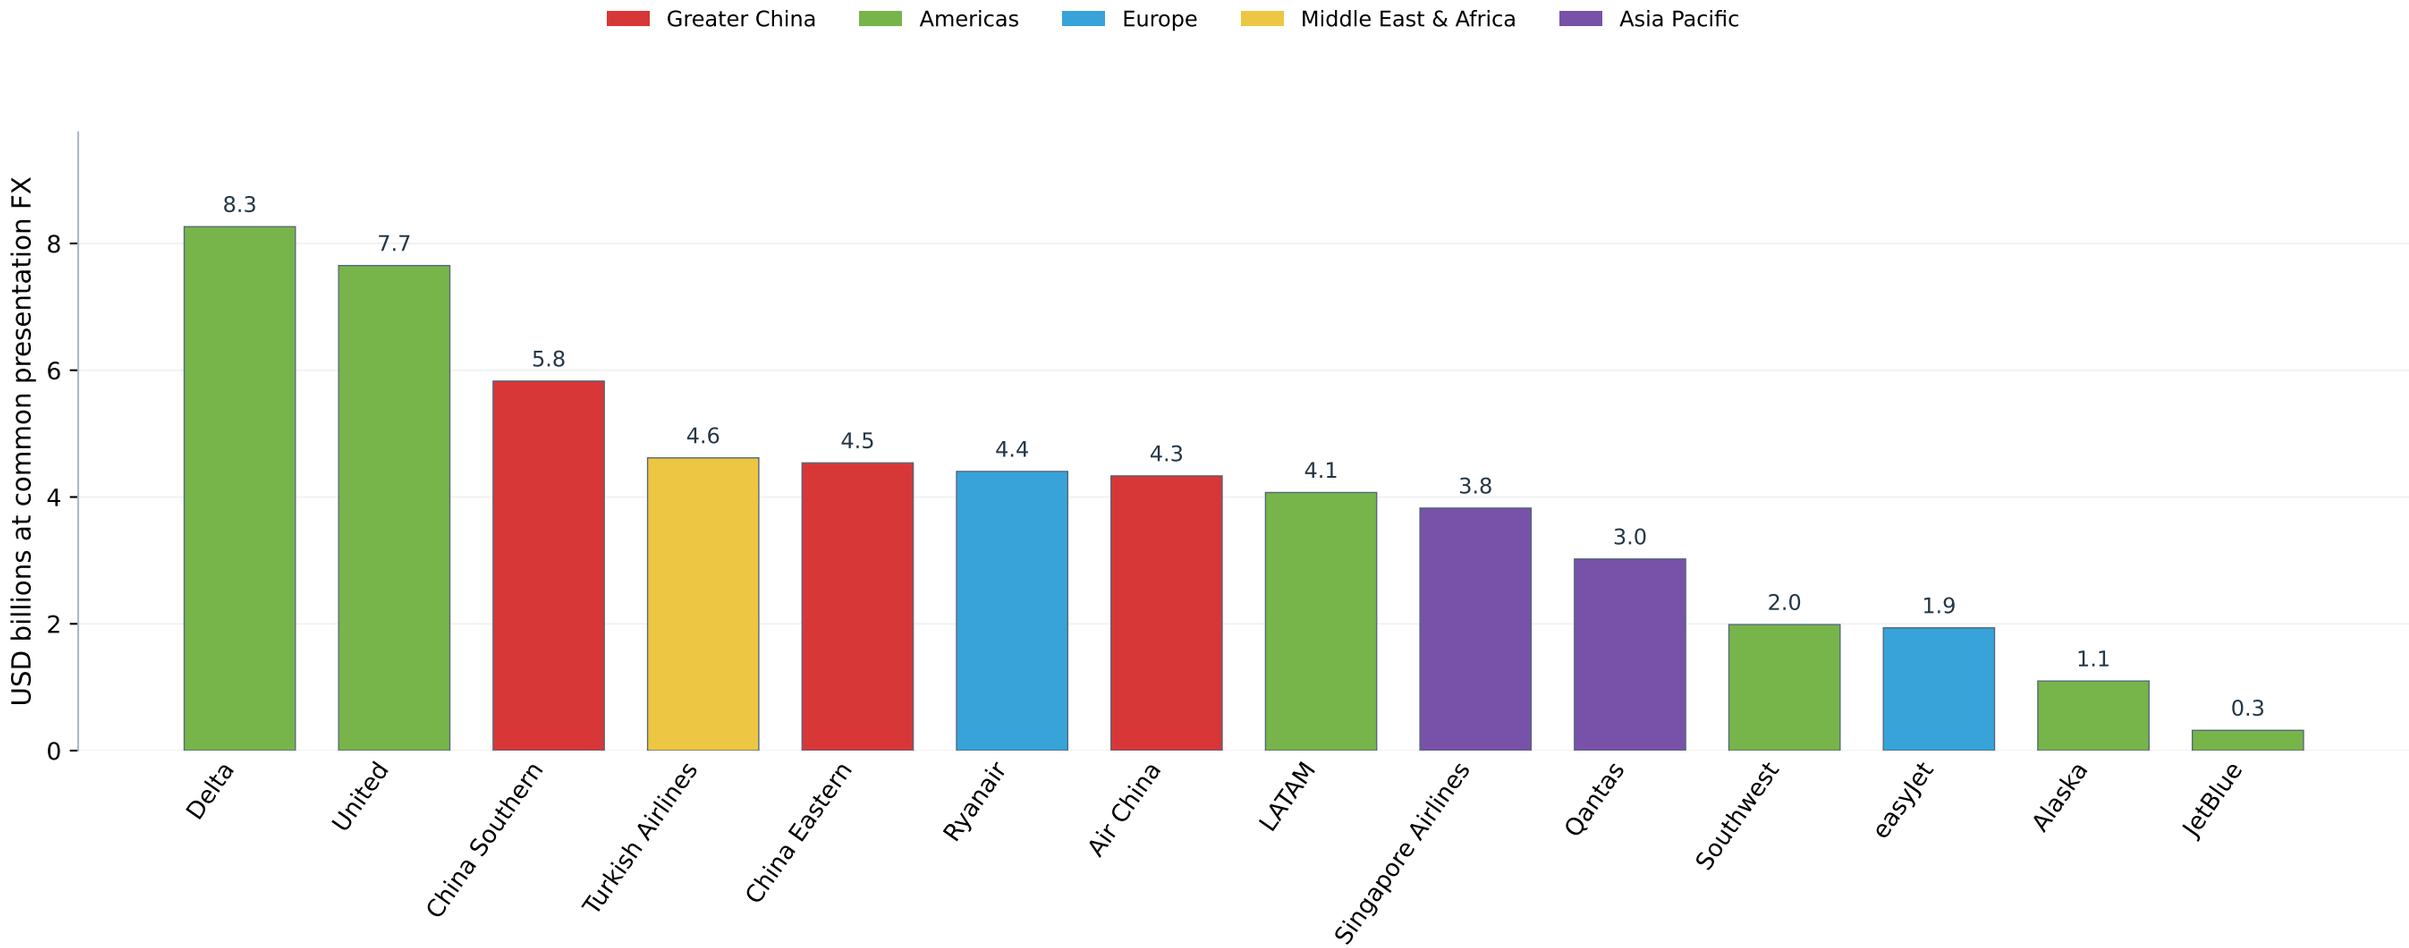

Included 24/24. Omitted: None.

Annual baseline: FY ends June 2025–March 2026 · provisional 24-group sample · prepared 25 October 2026

US Treasury FX at 31 December 2025 for all periods; presentation conversion, not period-average USD results. Original currencies retained.

Who generates the most operating earnings?

EBITDA proxy · common-FX USD billions · not EBITDAR or cash retained

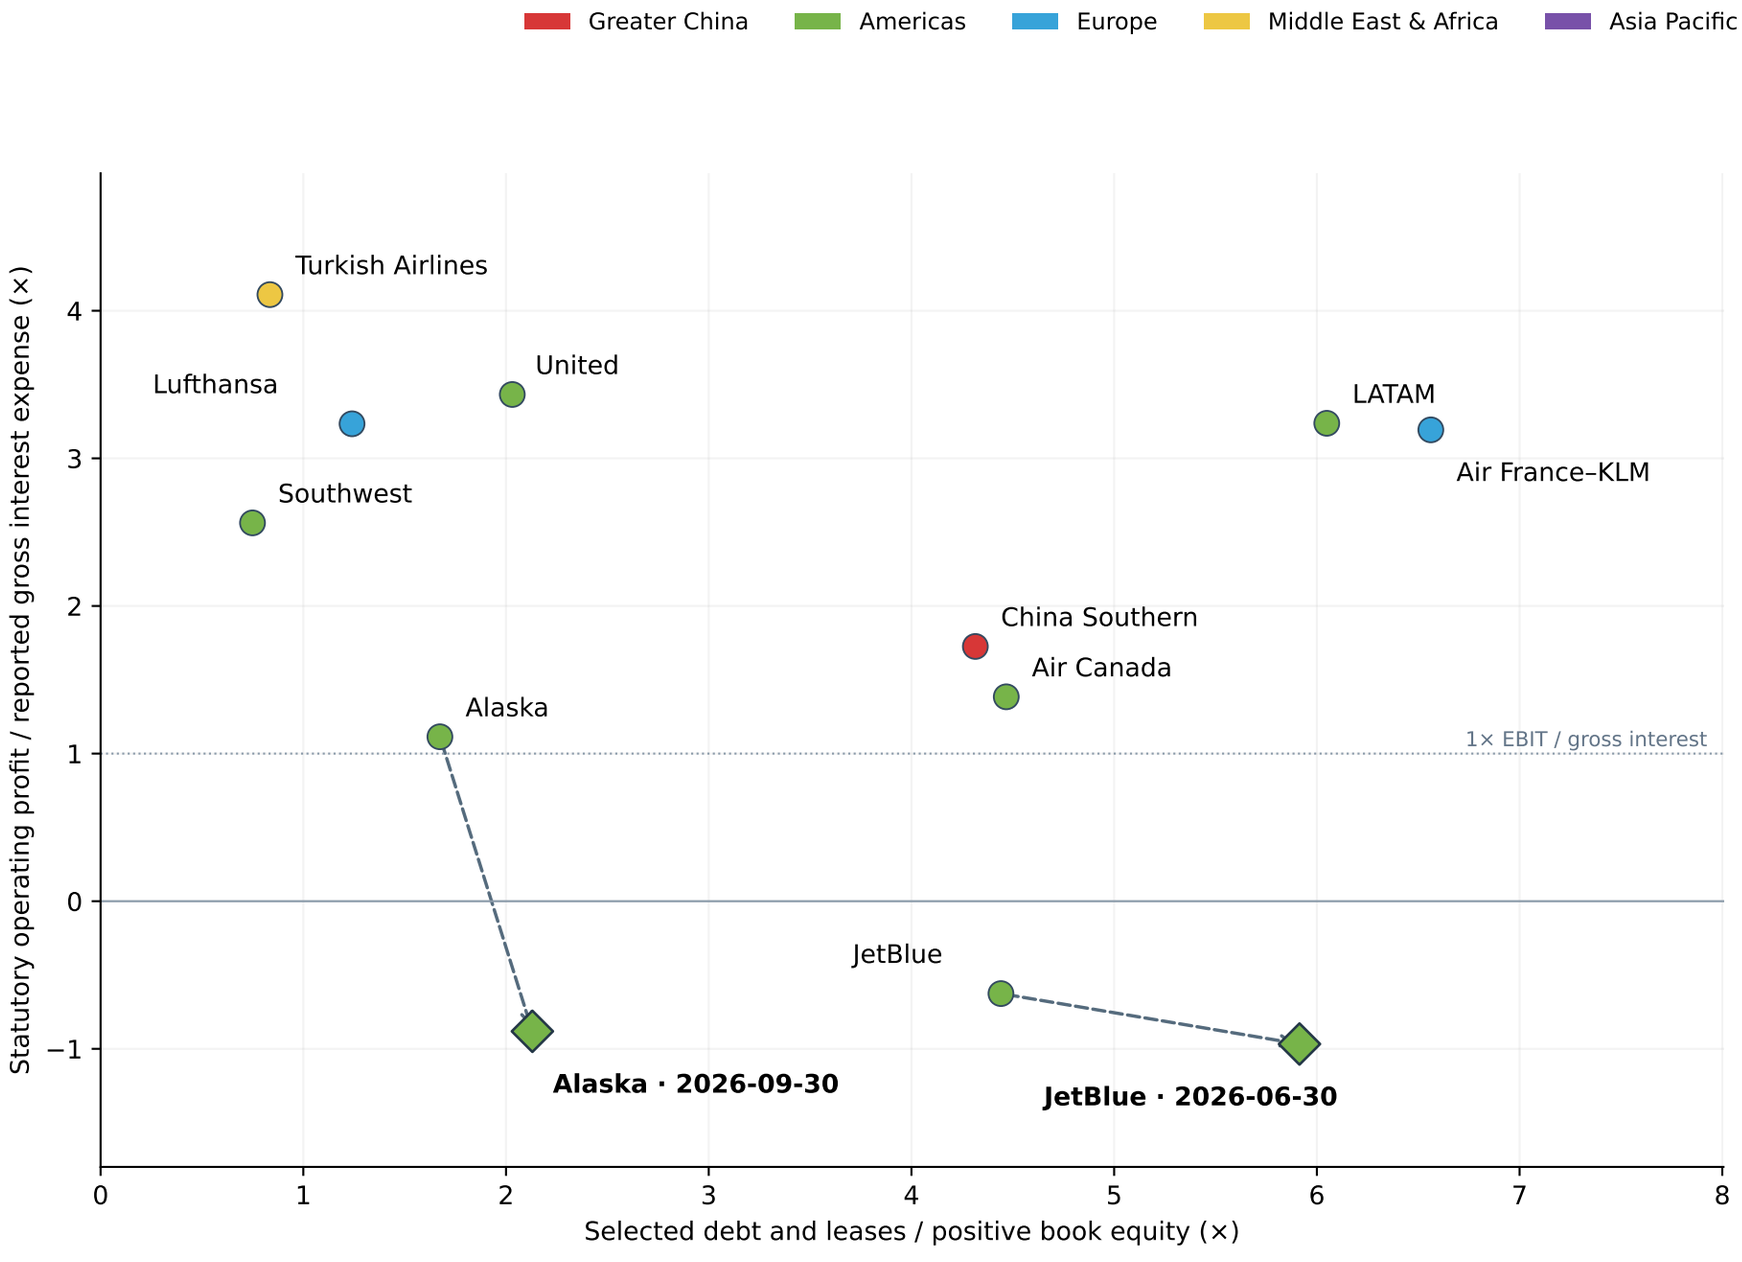

Included 14/24. Omitted: IAG, Qatar, Korean Air, Cathay Pacific, Air France–KLM, Lufthansa, ANA, Air Canada, American, Emirates Group.

Annual baseline: FY ends June 2025–March 2026 · provisional 24-group sample · prepared 25 October 2026

US Treasury FX at 31 December 2025 for all periods; presentation conversion, not period-average USD results. Original currencies retained.

Leverage and interest coverage

Gross-interest coverage screen · dated interim updates for Alaska and JetBlue

ANNUAL SAMPLE: 10 / 24

Circles: annual baseline
Diamonds: newer balance sheets with trailing-12-month coverage

OMITTED
Delta, IAG, Ryanair, Qatar, Korean Air, easyJet, Qantas, Air China, China Eastern, Cathay Pacific, ANA, Singapore Airlines, American, Emirates Group

American has negative equity. Other omissions reflect missing or incompatible inputs.

A weaker plotted position is a research signal, not a rating. No healthy/distressed zones are assigned.

Annual baseline: FY ends June 2025–March 2026 · provisional 24-group sample · prepared 25 October 2026

Coverage uses gross interest, unlike the legacy net-interest chart. Interim end dates differ; arrows do not describe one common reporting date.
